FOUNDATION FOR **EXCELLENCE**

29 YEARS
OF EXCELLENCE

Umm E Habiba Islam

North Bengal Medical College, Darjeeling, West Bengal

1.The institution & its resources: NBMC is affiliated to West Bengal University of Health Sciences. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Habiba is happy with her college and its infrastructure and has had a positive growth in learning in the first year. She has also taken part in CMEs organised by the college to stay abreast of the rapidly evolving practices in medicine.

3.The factors that have facilitated/ limited their learning opportunities: As mentioned by Habiba, the vast syllabus has been a challenge for her but the teachers in her medical college have been supportive, which has been helping her in pursuing her course. She specially mentioned that the Anatomy department in the college is very good.

Sundus Hasir

Government Medical College and MJK Hospital, Bettiah, Bihar

1.The institution & its resources: Government Medical College and MJK Hospital, Bettiah is affiliated to Aryabhatta Knowledge University, Patna. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Learning experience has been positive. As per Sundus, she has learnt a lot in the first year.

3.The factors that have facilitated/ limited their learning opportunities: As mentioned by Sundus, college faculty has been very supportive and teaching faculty is good. Spoken English has been a challenge for her and the stress of exams has been a limiting factor for her. Some of the equipments are not available in sufficient amount/working condition such as stethoscopes.

Dipanwita Sarkar

Deben Mahata Government Medical College & Hospital, Purulia, West Bengal

1.The institution & its resources: Deben Mahata Government Medical College & Hospital is affiliated to West Bengal University of Health Sciences. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: As per Dipanwita, college is well equipped so her learning experience has been positive in the first year.

3.The factors that have facilitated/ limited their learning opportunities:
Lab is fully equipped and library is well stocked. Her batch has approximately 100 students and cadaver is available for all.

College is located in the outskirts so travel is a problem.

Arpita Kumari

Purnea College of Engineering, Purnea, Bihar

1.The institution & its resources: Purnea College of Engineering is affiliated to Bihar Engineering University and approved by All India Council for Technical Education.

2.The experience of the students in terms of their learning and growth: Arpita mentioned that her learning experience in the first year has been good.

3.The factors that have facilitated/ limited their learning opportunities: Arpita mentioned that the professors are good and the labs are well equipped. She also mentioned that sometimes they do face challenge with class cancellations but it is not very often.

Anwesha Basu

Midnapore Medical College, Midnapore, West Bengal

1.The institution & its resources: Midnapore Medical College is affiliated to West Bengal University of Health Sciences. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Anwesha mentioned that her learning experience has been alright in the first year. Since it was her first year and everything was new to her, she did face some challenges in settling in.

3.The factors that have facilitated/ limited their learning opportunities:
Anwesha mentioned that the Lab is well equipped and the faculty is good since it's an old college.
Buildings are a little old but apart from that there are no issues that she is facing in college.

Priyesh Ranjan

Nalanda Medical College, Patna, Bihar

1.The institution & its resources: Nalanda Medical College is affiliated to Bihar University of Health Science, Patna. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Priyesh said that his experience in the first year has been good. He participated in a health camp organised by National Medicos Organisation to conduct primary health checkup in a rural area in the outskirts of Patna city.

3.The factors that have facilitated/ limited their learning opportunities: Priyesh mentioned that the teachers are good, they have regular classes. He said that the lab can be better quipped but the new principal who has been appointed is working on it.

Bilkees Reyaz

Government Medical College Srinagar, Jammu & Kashmir

1.The institution & its resources: Government Medical College Srinagar is affiliated to University of Kasmir. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Bilkees has shared that her learning experience has been good in the first year. The competition in college is very high which does lead to some stress but apart from that she is happy with her college.

3.The factors that have facilitated/ limited their learning opportunities:
As per Bilkees, dissection lab is well equipped and teaching faculty is also good.
They didn't get hostel accommodation in the first year which was challenging. But she now has hostel accommodation.

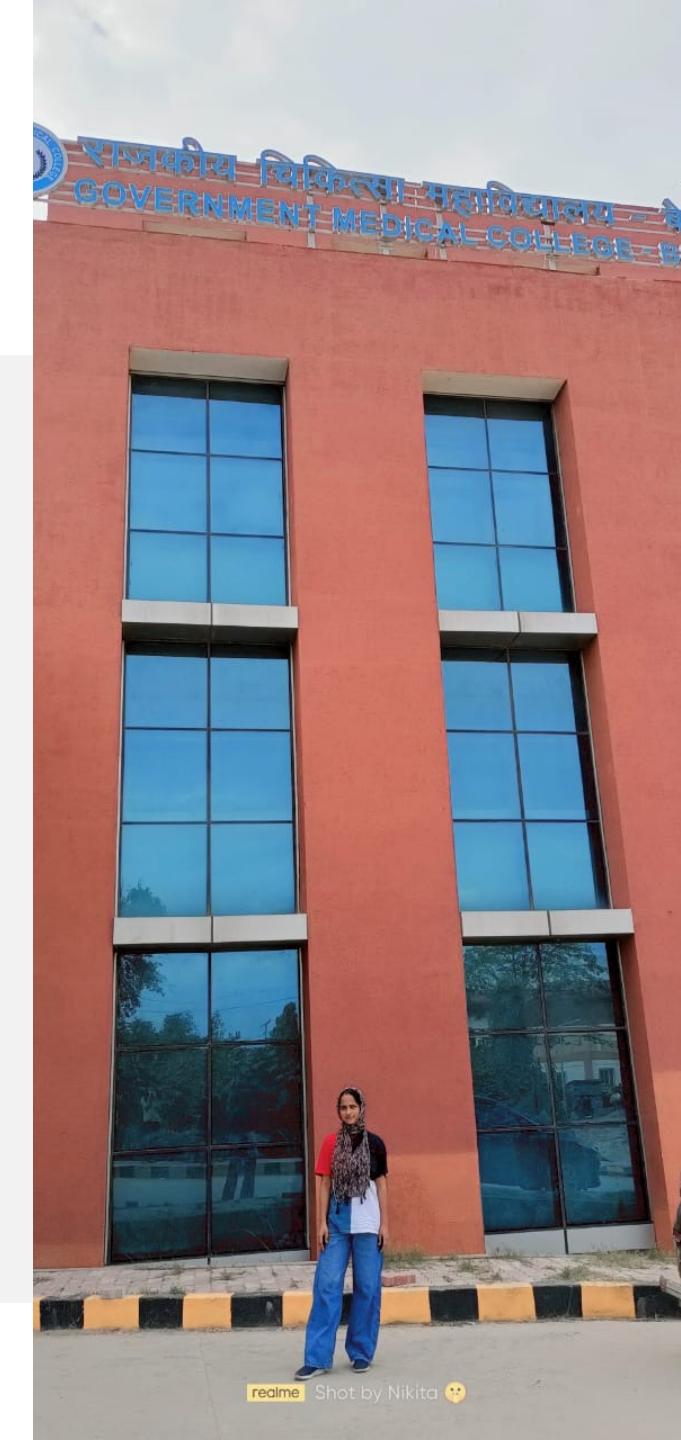

Sadaf Fatma

Government Medical College and MJK Hospital, Bettiah, Bihar

1.The institution & its resources: Government Medical College and MJK Hospital, Bettiah is affiliated to Aryabhatta Knowledge University, Patna. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: Sadaf mentioned that her experience has been good in the first year.

3.The factors that have facilitated/ limited their learning opportunities: Sadaf said that the teachers are good but the availability of dead body was a challenge so dissection practical was a problem. She mentioned that clinical exposure is limited and availability of equipments is limited.

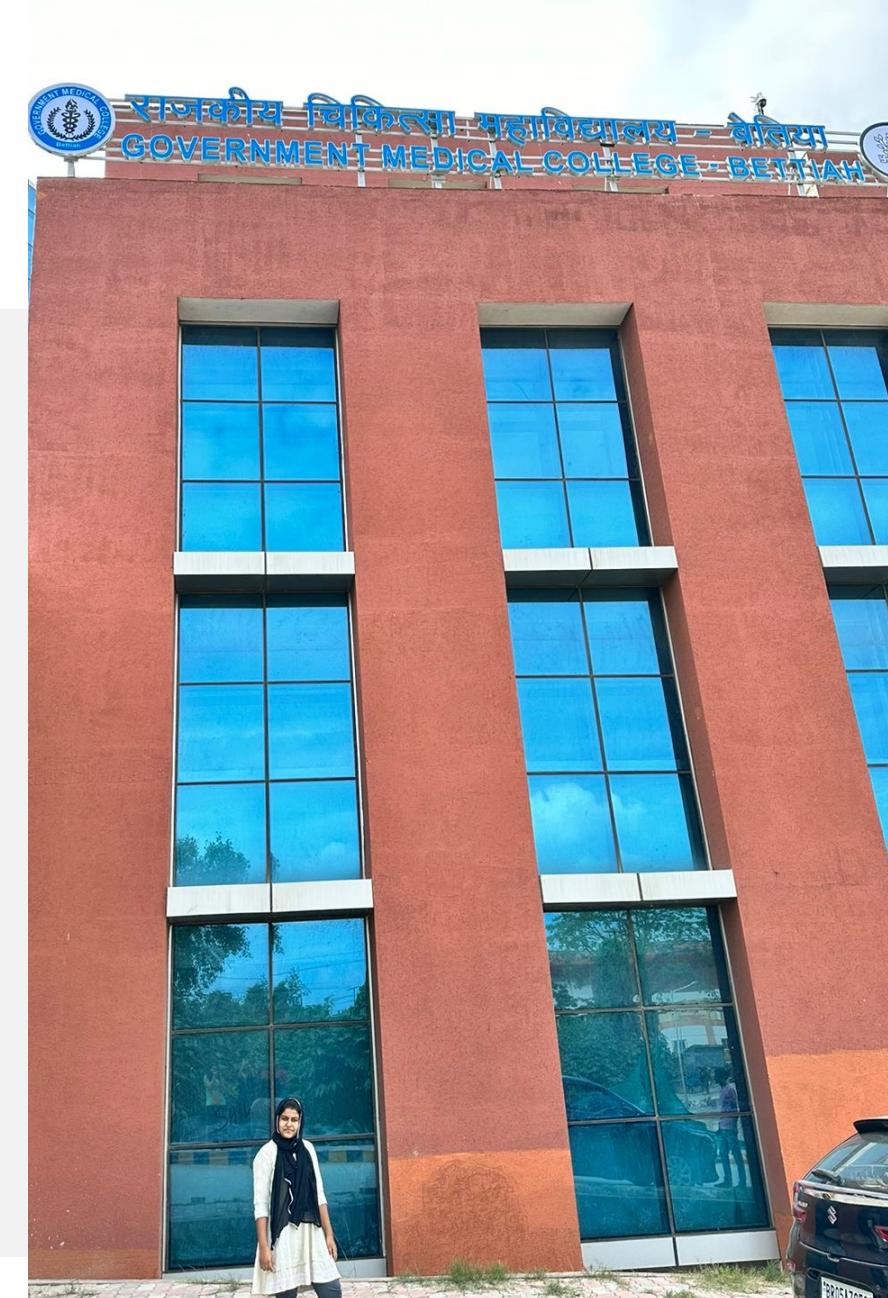

Rafiya Hassan

Government Medical College and MJK Hospital, Bettiah, Bihar

1.The institution & its resources: Government Medical College and MJK Hospital, Bettiah is affiliated to Aryabhatta Knowledge University, Patna. It is also approved by National Medical Commission (NMC) (<https://www.nmc.org.in/>)

2.The experience of the students in terms of their learning and growth: As per Rafiya, her experience has been good overall.

3.The factors that have facilitated/ limited their learning opportunities: Rafiya mentioned that the faculty is good but there are issues with the availability of equipments. She also mentioned that the situation has improved in the last couple of months but not resolved entirely.

THANK YOU
